District Council Budget for 26/27

The Council meeting on 26th Feb. was focused on the budget for next year. The proposal from the member for Finance were followed by an alternate budget, proposed by a member of the opposition – the vote for this was ‘against’; the original budget was approved. The debate between all members was interesting and at times contentious.

Investment in Council Housing Stock

Bassetlaw District Council is investing more than £94 million pounds on tenants’ homes over the next five years. The plans include:

- New kitchens, bathrooms, windows, boilers and renewable heating targeting damp and mould
- Refurbishment work e. g. at independent living centres
- Improvement of estates
- Disability adaptations
- Upgrade of warden call system

District Cllr Schuller is portfolio holder for Housing and can give you detailed information.

Elections and the Impact of Local Government Elections

There is still uncertainty about the date of the next district council elections, though parish council elections will probably go ahead in 2027.

Regarding the Local Government Regeneration., preparation work continues on districts belonging to one large unitary council. This entails looking at policies for all departments such as Finance, Legal, Human Resources, in order to achieve a united approach for the unitary to operate as a single entity. *In other words, all districts doing the same thing!*

We do not have details on the impact of L.G.R. on parish and town councils, but I believe operational equality across all districts contained within in one future unitary council may result in extra financial pressures and possibly some re-organisation of how parishes operate.

District Cllr Schuller discussed potholes in the area.

17975 To Consider co-option of new councillor

Cllr James proposed to Co-opt Mr Cobby onto the Town Council; this was seconded by Cllr Flynn and resolved by the Council. Mr Cobby signed his Declaration of Acceptance of Officer which was counter signed by the Proper Officer and Cllr Cobby then joined the meeting.

17976 To receive the Chair's report

Lack of Primary School Places

The problem of parents unable to find primary school places for their children continues – as our community grows, the problem will get worse. Your three district councillors asked the Chief Executive of Bassetlaw District Council to raise the issue of the proposed extension with County, who he met last week. This is the reply he received:

“I have had some initial feedback from County, and I understand that the Serlby Park design and feasibility is currently underway.

There are developer contributions supporting this analysis but there will be a requirement for DfE Basic Need funding to support any development. Any plans are subject to approvals etc and would not give places till 2027 at the earliest.”

NNB School

The delay in finalising the transfer of the school site to BDC has also been raised – again – by officers; no confirmation from County on when this will happen has been given.

Goodbye to the Weekly Luncheon Club

When the Town Council learned that the Wednesday Luncheon Club was to close at the end of March 2026, we were both surprised and disappointed. The Town Council wrote to the Food Bank, and I spoke to the manager.

The reasons given for the closure of the luncheon club were:

- Reduced funding streams identified the need to reduce expenditure
- Trustees had to make difficult decisions regarding priorities and budget constraints
