17139 To suspend the meeting to hold a public session and receive Police reports, County and District Councillor reports

District Cllr Challinor sent his apologies.

PC Martin emailed his report which was circulated around the Council; the Chair read out various items from the report.

District Cllr Evans gave her District report as below:

Rough Sleepers

It is the responsibility of Local Authorities to provide emergency shelter for rough sleepers when the temperature drops towards freezing; that shelter is usually available on a night-by-night basis and is known as severe weather emergency accommodation. **The District Council** now have properties in Worksop and Retford which have self-contained apartments for short-term accommodation. The plan is to end rough sleeping by providing **not only** temporary accommodation, but support from the Housing Needs Team, the Framework Street Outreach Team, the drug and alcohol Change, Grow, Live charity, and other health professionals – one issue for rough sleepers is foot problems. A further means of support will be the offer of a Personalised Housing Plan.

It is hoped that by providing both accommodation and support, rough sleepers will be able to turn a corner and change their current lifestyle, but to do this they have to be prepared to work with the Housing Needs Teams and undertake the full package of care. I wish them every success.

(You can make a homeless enquiry via the Council's website at www.bassetlaw.gov.uk or you can contact the Framework Street Outreach Team on 0800 0665356 (24 hours a day, free from landlines and mobiles).

Bin Collections

From 1st Feb. 2022, B.D.C. will implement a 'Flat Lid, No Side Waste` policy.

This means no bins will be collected that are overloaded and have raised lids, nor will any side waste be collected. This information will be included with the schedule for Christmas collections sticker that will shortly be attached to bins.

The reason for the policy is to improve recycling; currently many items in the green bins should in fact be washed and put into the blue bins; another issue is inappropriate items pushed into green bins that should be taken to the dump. Furthermore, the men collecting our rubbish have no idea what the plastic bags left at the side of bins might contain, such as sharp objects.

The Government is working on a policy relating to waste management, it is believed that in future years various types of waste will each have their own bin – so each household will have more bins - and this may include a kerbside glass collection.

District Cllr Schuller reported on the increase of fly tipping in the area.

Cllr Wratten joined the meeting during the public session

17140 To approve the minutes of the meeting held 25th October 2021

Cllr Barns proposed to accept the minutes of the meeting held 25th October 2021 as a true record; this was seconded by Cllr Flynn and resolved by the Council 7 votes (one member not at the previous meeting)

17141 To receive the Chair's report

Winter Wonderland

This year's Christmas event proved to be a great success with children and families alike. Many compliments were paid, along with requests for the same thing next year. I have to thank Karen Tarburton, whose idea it was, for her hard work in making it such a success. All staff contributed, as did the T.R.A., plus Olaf the Snowman, Mrs Christmas, Santa's Elf and Father Christmas helped create a true Christmas atmosphere.

Every child received a gift from Santa; particularly popular were the free photographs taken with him.

Despite the impact of Storm Arwen on Saturday the 27th, Sunday was very busy, and the appearance of the snow globe outside the Town Hall made the event even more attractive. I am grateful to local residents who provided so many of the Christmas trees. So, thanks go to everyone involved, your help and support is much appreciated.

However, the bad weather on Saturday 4th Dec. meant that the Tree Lighting went ahead, but we had to cancel the planned carol singing – it was just too wet, cold and windy.

17142 To receive the cemetery health & safety inspections and to consider opening times during winter

Cllr Barns reported that he has inspected both cemeteries with no health and safety actions required.

The Officer suggested that the Council considers locking the new cemetery gates overnight should the weather turn icy or snowy; once the staff have checked/gritted the cemetery in

the mornings then the gates will be unlocked. It was also suggested that the gates are locked in the evenings any way due to inappropriate use.
